Questions and Answers for (W5J9JE-10-R-0119 Gardez Corps and Small Arms Training Range

1. QUESTION: There are repeated pages from page 1193 to page 2262 which needs to be deleted. Please clarify.

ANSWER: Delete the duplicate pages 1193 to page 2262

2. QUESTION: On page 50 W5J9JE10R-0119 GARDEZ final RFP) Latrine facilities –There shall be 3-Latrine spread out along the corps ranges and 2-Latrine along the small arms range.

Shall we construct three latrine facilities or we can have Latrine Trailer. Please clarify.

ANSWER: The Latrines are to be constructed by the contractor. As stated in Section 01010 “The contractor shall provide a layout and basic design submitted to AED for approval prior to construction,”

3. QUESTION: On page 65 (W5J9JER0119 GARDEX final RFP) the source of power for this contract is two prime rated diesel-generators. One 100kVA (minimum) prime rated generator set shall be installed at the Corps Range, and one 60kVA (minimum) prime rated generator set shall be installed at the Small Arms Range.

Shall we supply these GENERATORS or Government will supply them? Please clarify.

ANSWER: Contractor is to supply as stated in Section 01015 under “Generator Power Systems.”

4. QUESTION: On page 54 of (W5J9JE10R00119 GARDEZ final RFP) a small earthen berm is to be constructed 1-meter the height of the bottom of the swinging portion of the target to aid in minimizing ricochets.

Since all RANGES have 3-side to be secured, shall we make the BERM on all 3-sides of these RANGES? If yes, what is the height? Please clarify and supply the drawings.

ANSWER: No, this berm is to be constructed only in front each metal target. Other berms are up to the contractor and his layout of the ranges.

5. On page 50 of (W5J9JE10R0119 GARDEZ final RFP) Entrance Road/Range, Access Road/Range Roads. How much Liner meter of road do we have? How much is the width of the road? Please clarify and supply the drawings.

ANAWER: The roads are specified in Section 01015 under “Range Roads”. The roads are to be 9-meters wide and the length will depend on the layout of the ranges by the contractor.

There is not a drawing for the roads or their lengths. This will be determined by the way the Contractor lays out the ranges.

6. QUESTION: On page 61 & 62 of (W5J9JE10R0119 GARDEZ final RFP) One (1) Un-Exploded Ordnance and Demolition pit or area... we should construct a missile-proof shelter outside the earthen berm.

There are no drawings or any detail and information? Please clarify and supply the drawings.

ANSWER: It is intended that the contractor provide this information in his design. The drawings are located in TC-25-8 and are easily accessible on the internet.

7. QUESTION: According to the drawings list we have 2-types of classrooms, 2x50x1x100. Student Classrooms and 4x50 Student classrooms. In the proposal schedule under (0003 Facilities), item 0003E, we have 4-Classrooms and they are shown in the site plan as buildings 105 and 106 (two (2) for each building). Would you please clarify which Student Classrooms we should take in consideration?

ANSWER: There are a total of three (3) buildings for the project. Two Range Control buildings, one at the Corps range and one at the small arms range. These buildings are site adapt. Meaning we are using the NCO Barracks building (Drawings in Appendix B-2) and only slightly changing the floor plan to the plan marked Range Control building (Drawings also in Appendix B2). The basic change is to slightly move around some walls on the inside of the building. Contract is to take the NCO Barracks building and "site adapt" to the floor plan of the Range Control Building.

The third building is a Classroom/Office building which is to be located at the Corps Training Range. Again this is a site adapt. The contractor is intended to take the Administration Building (Drawings shown in Appendix B-2) and "site adapt" to the floor plan shown as the Classroom/Office Facility (Drawings in Appendix B-2)

8. QUESTION: In drawings list, drawing number (103 Auditorium & Library). When we open the file it is written 300 Student Classroom building. Which I think is typo mistake, Please clarify.

ANSWER: The total of three buildings – 2-Range Control and 1-Classroom/Office facility.

9. QUESTION: In drawings list, drawing number 104 Medical Clinic). When we open the file on page 4, sheet number A-101, there is 2-Floor Plans which are floor plan and modified floor plan. All other drawings are according to floor plan and not modified floor plan. Please clarify which floor plan we should take in consideration? And QUESTION 10; in drawings List drawing number (118 Laundry). In Proposal Schedule under (0003 Facilities), item 0003N. We have 5-Laundry and in the site plan indicated 6-Laundry building). Would you please clarify the correct numbers? And QUESTION 11: In drawings list, drawing number (124 & 130 Bridmalls and BWT Storage). In Proposal Schedule under (0003 Facilities), item 0003Q General purpose Storage Building. We have only one building, but in the site plan indicated 2-buildings. Would you please clarify the correct number?

ANSWER: There is no medical clinic, auditorium & Library, Laundry, and nor a general purpose storage building.

10. QUESTION: There is not any site plan for all site, could you please clarify where is the location of the buildings in Corps and Small Arms Range; and site layout plan.

11. ANSWER: There is a conceptual drawing and site plan included in Appendix B. It is up to the contractor to layout the various ranges and their safety zones. The final site plan is part of the Contractor's work.

12. QUESTION: There is not any drawing for the water and sewer system, could you please send the complete drawings or tell me about the length of water and sewer line?

ANSWER: There is no water or sewer system. The Latrines are to be stand alone facilities as laid out in Sections 01010 and 01015 in the RFP. The lengths will be up to the contractor on how he lays out the ranges and various facilities.

13. QUESTION: Missing information from the Drawing package displayed on the FOB website. The missing information is as follows:
14. -Ammo Distribution Building
15. -Latrines
16. -Covered Bleachers.

ANSWERS:

- a. The Ammo Distribution Building – Details for the building are set forth in Section 01010 of the RFP. Contractor is to design the building per the written parameters.
- b. The Latrines – Contractor is given basic information and he is expected to design the Latrines based on the parameters given and submit it to AED for approval.
- c. The covered Bleachers – Contractor is to design the covered bleacher using the basic information included in the 01010 and submit it to AED for approval. All three of these facilities are design build.

17. QUESTION: Access to the CD that is mention in the Statement of Work.

ANSWER: All the drawings are in Appendix B2. Once the successful contractor is chosen AUTOCAD files can be supplied to the contractor for his use on the Project.

18. Will the due date for the submittal of proposal be changed to accommodate the Afghanistan Holidays?

ANSWER: The last day for submittal of proposals will NOT change from 18 Nov 2010. However, contractors may submit their proposal prior to 18 Nov 2010.

19. Will proposals submitted by email be accepted?

ANSWER: All proposal must be submitted in hard copy to: USACE-AED-N, Qalaa House, Attn: Daisy DuBose, Kabul, Afghanistan.
